

# RAILWAY ENGINEERING AND MAINTENANCE OF WAY

Security Building  
CHICAGO

BRUCE V. CRANDALL  
President

CHARLES S. MYERS  
Vice President

WARREN EDWARDS  
Manager

O. W. BODLER, Secretary

CHAS. A. BLAKE, Asst. Secretary

MAHAM H. HAIG, Managing Editor

A. G. CALDWELL, Editor

## Index to Volume II

January to December, 1906

| Issue    | Pages    | Issue | Pages      | Issue     | Pages      | Issue    | Pages      |
|----------|----------|-------|------------|-----------|------------|----------|------------|
| January  | 1 to 18  | April | 55 to 126  | July      | 161 to 178 | October  | 215 to 232 |
| February | 19 to 36 | May   | 127 to 144 | August    | 179 to 196 | November | 233 to 250 |
| March    | 37 to 54 | June  | 145 to 160 | September | 197 to 214 | December | 251 to 276 |

### Illustrated Articles Indicated by Asterisk

|   |          |   |                         |
|---|----------|---|-------------------------|
| *Adreon-Morse Ratchet Wrench.....   | 231      | Cements, Hydraulic, Hardening of.....   | 214                     |
| *Air-Compressing Plant, Portable.....   | 32       | *C. R. R. of N. J., Reinforced Concrete Arches.....   | 152                     |
| Air Resistance of Electric Railways.....  | 197-207  | Chicago Freight Subway.....   | 162                     |
| *Allis-Chalmers Steam Shovels.....  | 28       | *C. M. & St. P. Ry., Ballast Work on.....   | 243                     |
| American Railway Engineering and Maintenance of Way Association, Seventh Annual Meeting of the..... | 57       | Charing Cross Station Roof Collapsed, Why the.....  | 210                     |
| *Anatomy of Bridge Work.....  | 186      | *Chutes, Modern, Railway Coal.....  | 147, 170, 204, 224, 262 |
| *Archer Railway Coal Charging Barrow.....   | 177      | Clark Automatic Nut-Lock.....   | 250                     |
| Association of Superintendents of Bridges and Buildings, Convention of the.....                     | 238      | Classification of Track.....  | 80, 128                 |
| Atlantic Coast Line, New Type of Roundhouse.....  | 48       | *Clay Side at Boone Viaduct, Boone, Ia.....   |                         |
| Automatic Signaling, Comparative Development of, in Europe and America.....                         | 128      | *Coal Charging Barrow, The Archer Railway.....  | 177                     |
| Ballast, Disintegrated Granite.....   | 146      | *Coal Chutes, Modern Railway.....   | 147, 170, 204, 224, 262 |
| Ballasting.....   | 66       | *C. N. O. & T. P., New Freight Terminal at Cincinnati, of the.....  | 21                      |
| *Ballast Work on the C. M. & St. P. Ry.....   | 243      | Collapse of a London Railway Station.....   | 20                      |
| *Baltimore & Ohio Station at Youngstown, Ohio.....  | 10       | Comparative Development of Automatic Signaling in Europe and America.....   | 128                     |
| *B. & O. S. W. R. R.—Detour Schemes.....  | 132      | *Comparative Value of Cross-Ties of Different Materials.....  | 201                     |
| Biographical Directory of the Railway Officials of America.....                                     | 36       | Concrete Age, The.....  | 56                      |
| *Boarding Camps, Railway, A New Idea in.....  | 11       | *Concrete Arches, Reinforced, C. R. R. of N. J.....   | 152                     |
| Boilers, Water Softening for.....   | 20       | Concrete Beams, Designs of Reinforced.....  | 155                     |
| *Boone Viaduct, Clay Slide at, Boone, Ia.....   |          | *Concrete Blocks for Lining Tunnels.....  | 185                     |
| Bridges and Trestles, Wooden.....   | 120      | Concrete Roof Construction, Roundhouse of—D. & R. G. R. R.....  | 253                     |
| Bridge Problem, The Brooklyn.....   | 162      | Concrete Construction on Railways.....  | 131                     |
| *Bridge Work, Anatomy of.....   | 186      | Concrete Practice, Ferro.....   | 2                       |
| British View of the Third Rail.....   | 11       | Concrete, Proportioning.....  | 227                     |
| Brooklyn Bridge Problem.....  | 162      | Construction, Concrete, on Railways.....  | 131                     |
| Brooklyn Bridge, Improvements of the Surface Tracks of the.....                                     | 231      | Construction, Expensive Railway.....  | 213                     |
| *Brooklyn Rapid Transit Co.'s Elevated and Surface Lines.....                                       | 172      | Construction, Permanent Railway.....  | 198                     |
| *Buda Lining-up Jack.....   | 275      | Conventions, Association of Superintendents of Bridge and Fifteenth Annual, of the Association of Railway Supts of Bridges and Buildings..... | 126                     |
| Buildings.....  | III, 238 | Maintenance of Way Painters.....  | 232                     |
| Canal, A New Ship, Between the Great Lakes.....   | 220      | Roadmasters and Maintenance of Way.....   | 241                     |
| *Carbolineum Wood Preservative.....   | 178      | Seventh Annual of the American Railway Engineering and Maintenance of Way Association.....  | 57                      |
| *Car, New Gasoline Motor.....   | 33       | Superintendents of Bridges and Buildings.....   | 231                     |
| Cars, Hand.....   | 13       | *Crossing, Railroad.....  | 124                     |
| *Cattle Guards, Leader.....   | 123      |   |                         |

|  |         |  |                         |
